COUNTER APP — TALLY & CLICKER · PRINTABLE SHEET

Food Bank Donation Intake Tally

Items received, rejected and shelved by category

HOW TO USE

1. Sort donations by category before counting.
2. Tally every item received. Count rejected items (expired, damaged, opened) separately.
3. Shelved = received − rejected. Write the main reason for rejects in Note.

Site / drive _____ Date _____

Sorted by _____ Donor / source (optional) _____
