COUNTER APP — TALLY & CLICKER · PRINTABLE SHEET

Reps per Player Sheet

One practice, up to six drills, totals per player

HOW TO USE

1. Write each drill and what counts as one rep (one attempt, one made shot, one full sprint) in the column headings.
2. Tally reps per player during the drill, or have one assistant per group.
3. Total each player and each drill. Look for players who got far fewer reps than the rest.
